

# ***“Commitment’s” style of Sailing***

## **Our Style:**

**Previous sailing experience is NOT necessary.**

**Age and gender is not important.**

A good sense of fun will serve you well on board “Commitment”  
We attract and encourage people who are easygoing and fun loving and are seeking different and fulfilling experiences in life.

We do not provide 5 star accommodation, hot showers every day and a change of nice crisp white linen on your queen size bed every night!

We do provide a sailing yacht suitably equipped and crewed by experienced professionals who will look after you on your holiday in paradise.

HOWEVER....

If you want to hone your navigation skills?  
We'll help you. Do you want to improve your sail handling ability or your steering technique? We'll teach you...

**On board “Commitment” participation is the key to having FUN!!!**

See [“Commitment- vessel specifications”](#) for finer details regarding the yacht’s layout and equipment list however it is worthy of note that “Commitment” has 5 double cabins with the ability to sleep ten people in total however maximum numbers are usually restricted to 6 passengers and 2 professional crew. Below deck are cabins with proper bunks, two head compartments and a very comfortable main saloon. “Commitment” is NOT a “super yacht” equipped with all the over the top high tech “bling”. She is a yacht that is built and equipped for comfort, durability, strength and FUN!

## **Food:**

Trip prices include all food whilst on board. We strive to provide passengers with a wide variety of wholesome “home cooked” tasty food and lashings of it! No one goes hungry...If it’s on board then its fair game! If you have special dietary requirements then we are more than happy to see how we can assist you. We provide three square meals a day however you are encouraged to

eat whenever you feel like it....one does not have to ask permission...just go for it!!! Typical meals might include, fresh tropical fruits like paw paw, pineapple and mango or bacon, eggs and toast for breakfast.....sandwiches made from our baked on board fresh hot bread with fillings like avocado, chicken, ham, cheese or salad for lunch whilst the evening meal might be lamb, steaks, chicken or sausages on the outdoor bar b que to complement the salads from the galley. All of this is complimented by loads of tea, coffee, soft drinks, biscuits, sweets etc etc etc Is your mouth watering yet?

**Entertainment:**

We have a wide range of reading material on board however you are encouraged to bring your preferred book/s. "Commitment" is equipped with a DVD player and a DVD library but you are welcome to bring along your selection. Music is provided via a CD player so bring along your favourites.

**Communications with the outside world:**

We do not provide email communications for passengers EXCEPT in case of emergency. Normal cellular/mobile telephones may or may not have reception depending on location. "Commitment" is equipped with an Iridium Satellite telephone which is for the sole use of the skipper but is available for emergency calls by passengers. If a passenger wishes to, they may bring along their own satellite phone.

**Photography & Video:**

Our sailing holidays offer "photo and video opportunities" at almost every turn. You need to bring along plenty of memory sticks/ film/ batteries etc. On board we have the ability to charge re-chargeable batteries providing your equipment is compatible with ours. (240 volts AC & 12 volts DC)

**Logistics and Responsibilities:**

We are not a travel agent. We can help with suggestions and assist with any difficulties but it is the passenger's sole responsibility to organise their own travel, visas, permits, insurance etc.

**Flexibility, understanding and acceptance:**

The members of Team Mowbray are very experienced and get the "job done" however it needs to be understood that there is a need for flexibility, understanding and acceptance.

We provide no guarantee that an individual or group will fully realise its goals. We work extremely hard to satisfy everyone's needs however the need for flexibility, understanding and acceptance is ever present. Modification to the itinerary because of adverse weather, limitations of a sailing yacht and various other factors will occur from time to time.

The skipper's decision is final.  
We try VERY hard to provide you with a trip of a lifetime and after dinner conversation for years to come!

We look forward to you joining the boat.
